We have very good news to share! Our program to assist Project Healthy Grandparents collected over \$600 for our two families! We were very pleased to see so many of you at our Holiday Reception. THANK YOU to the Committee for a job well done!

Many of you attended the Clough Commons Tour in January. The tour was impressive and the speakers shared valuable information about the multiple opportunities for students. We were delighted to have Anne Clough join us!

The January Community Service at the Foster Care Support Foundation was well received and we hope to make this an annual project. We will NOT be doing the Heart Walk this month but we are planning to participate in the Tech Beautification Day on March 31. (See details in Newsletter). Project Open Hand was successful in February. I want to thank all who participated in our Community Service events this year.

The February Millennium Gate tour was educational and interesting – and we all enjoyed the great view from the top of one of Atlanta’s newest monuments!

Now we are looking forward to our MARCH Sunday Social and the outing to The Hay House- where the slate of officers will be presented. We are adding a new Family Picnic so I hope you will bring your kids, grandkids, and hubby to a have a fun afternoon. April of course, brings our Spring Luncheon, a special event for fun and sharing- and the election and installation of our new officers. (See the front page.)

You will also find an article that summarizes our Strategic Planning Committee’s goals for the next 3-5 years in this Newsletter. Please read.

This is my last newsletter as President. It has been a pleasure and an honor to serve in a leadership position for such a wonderful group of women. The Tech Spirit continues to grow. Our theme this year, “Legendary Heritage-Limitless Future” truly describes our potential and commitment to continue as one of Georgia Tech’s finest Clubs on campus. Thank you to my board, all the hostesses and committee members and to all of you who have attended our events. Keep up the Great Work, Ladies!

STRATEGIC PLANNING FOR GTFWC

Report to the GTFWC Membership – please read and decide where you can help the most!

Strategic Planning Committee Report March 1, 2012

Committee members: Karen Mayne, Katrien Hemelsoet, Sue Cross, Lynne Wepfer, Pat Webb, Rosa Arriaga, Judy Willis and Michaelle Arkin

First Meeting was held on Friday, December 2nd. 2011

It was agreed that we would like to see our Club become more relevant on and off Campus.

The committee discussed the survey results and focused on 8 issues to address for the next 3-5yrs. The issues are itemized below and the chair to work on that task is listed:

1. Recruitment and Mentoring our Newcomers- Karen Mayne
2. Contact Faculty wives who are not members and ask "why not"- Lynne Wepfer
3. Promote Community Service Events and diversify projects- Katrien Hemelsoet
4. Introduce New Interest Groups- Pat Webb
5. Publicize our Club on Campus and in the Community- Sue Cross
6. Advocate and Recruit more Women Faculty- Rosa Arriaga
7. Increase Visibility on Campus- Team Effort
8. Consider a Name Change- currently tabled this issue

Each Chair of an issue may form a committee to work with her to achieve her goals. **We will report on our progress bi-annually through the September and March newsletters.**

In April we are planning a family picnic on a Sunday. We hope this will allow our working Moms and some of our faculty members an opportunity to attend a family-friendly event.

We are currently planning a luncheon in May for the women faculty. This will be an effort to recruit more faculty women and enable them to meet and greet other faculty women from different departments.
